## **Asparity Spins Off Enterprise Risk Management Division**

*Texert, Inc. to provide increased value and focus on  
enterprise governance, risk and compliance solutions for customers.*

**Durham, N.C. (April 16, 2008)** – Asparity Decision Solutions, a leading provider of decision support and data solutions in health care and employee benefits, announces that its board of directors has approved the spin off of its enterprise risk management (ERM) division into a separate legal company, Texert, Inc.

“The separation provides each company with the ability to dedicate management and focus resources on core strengths, which will drive greater value to customers and shareholders,” said Colleen M. Murphy, Asparity’s President and Chief Executive Officer.

“The spin-off provides Texert with the focus and investment required to deliver comprehensive enterprise governance, risk, and compliance (GRC) products to customers around the globe.” said T. Curtis Holmes, Jr., President and Chief Executive Officer for Texert. “We look forward to working with our customers and partners, increasing operational and business performance and leveraging Texert’s innovative GRC products.”
